WORD FROM THE DIRECTOR

We are a proudly African provider committed to class leading quality & service levels.

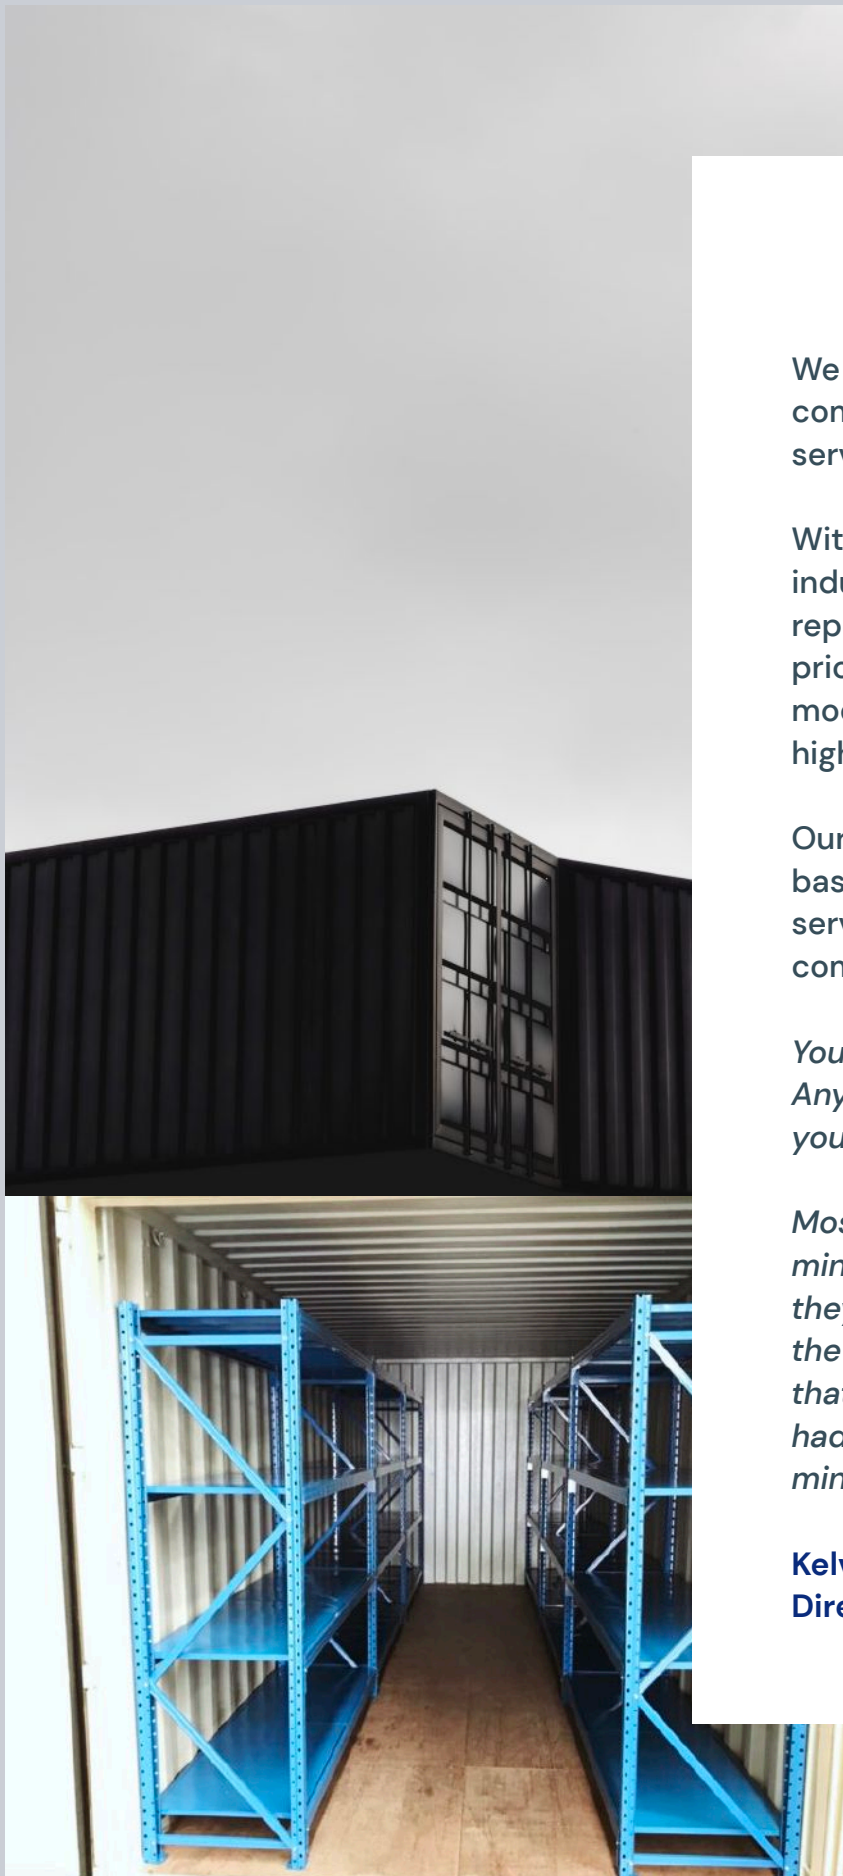

With years of experience in the industry, CWA Ltd has earned a reputation for both competitively priced containers and accessories and modifications engineered to the highest industry standards.

Our industry leading guarantee is based on innovation, outstanding service, quality products and a commitment to true home grown value.

Your limitation is only your imagination. Anything can be achieved if you put your mind to it.

Most people underestimate how the mind is a powerful thing. That's why they get surprised when they achieve the unthinkable, not knowing that all that was within their reach. They just had to work a little harder and set their mind and focus on it.
