

AUXILIA

COMPANY PROFILE

WHAT WE DO

We provide Digital Design & Consulting solutions for a wide range of companies, creating engaging digital experiences and strategies that cater to both small and large audiences.

OUR COMMITMENT

We commit to render the best service in all our undertakings, and specifically in support, taking into consideration the serious implication of digital design in modern business.

OUR VISION

To be a recognised Digital Design leader by providing meaningful solutions to a variety of digital tasks.

OUR MISSION

To create engaging digital experiences that better connect companies with their audience.

WEB DEVELOPMENT

We create user-friendly and functional websites using modern technologies, tools and standards.

We work with the following technologies:

- Content Management Systems such as WordPress.
- Flat file CMS such as Jekyll.
- Front-end frameworks such as Bootstrap and Tailwind CSS.
- Versioning systems such as GitHub.

We also provide website audit and analysis services via the following tools:

- Google Analytics.
- Google PageSpeed Insights.
- Google Search Console.
- Search Engine Optimisation.

APP DESIGN

We design application UIs for both iOS and Android mobile systems. We follow the user interface guidelines for both platforms to create apps that fit in their respective niches.

We also create interface mockups and prototypes, using the following platforms to achieve this:

- Adobe XD
- Invision
- Sketch
- Figma

CONSULTANCY

We provide IT consultancy services that leverage IT to grow and improve on the goals of a company.

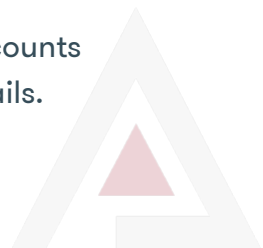

We're competent in the use and deployment of desktop and mobile operating systems across a wide range of devices.

We are well versed with the following systems:

- Windows OS.
- macOS.
- Android OS.
- iOS & iPadOS.
- Linux OS.

We also provide configuration and support in the following areas:

- Corporate Email Setup and Administration.
- File and System Backup.
- Software Security Maintenance.
- Software Installation and Licensing.
- Internet Setup and Support.
- Hardware Troubleshooting and Maintenance.
- Management of digital accounts information and client details.
- General IT Support.

DIGITAL MARKETING

We create and grow a brand's social media strategy by providing a framework for launching or improving an existing strategy. We design adverts and related marketing content for social media purposes. Further, we're experienced in using social media monitoring and management tools as well as designing and launching email campaign newsletters.

We are also experienced in website analysis tools such as Google Analytics and website Search Engine Optimisation.

The key platforms we use are:

- Facebook.
- MailChimp Email Marketing.
- Twitter.
- Google Analytics.
- Instagram.
- Google PageSpeed Insights.

Our Services

We help your business to grow in the digital space worldwide

Digital Marketing & Strategy

A digital marketing strategy is a set of guidelines for using digital marketing tools and techniques to achieve your online marketing objectives or goals, such as having greater online visibility, brand building and specifies how you are going to measure success.

Social Media Marketing

In order to get noticed to the people interested in knowing more about your business, company culture, company achievements will make sure your accounts showcase everything you as a company/brand are trying to portray.

Email Marketing

Email marketing is one of the most effective strategies for developing relationships with potential customers or clients. By generating and nurturing leads individuals and businesses can use it for branding, engagement, acquisition, retention, direct sales, reactivation

Search Engine Marketing

Search engine marketing (SEM) is an integral part of digital marketing and it has something to offer every business in every industry. We firmly believe that an SEM campaign can take your business to the next level of success.

Content Marketing

Consumers trust brands that help them make better and informed decisions. Our Content marketing services allow you to attract and retain customers by consistently creating and curating relevant and valuable content with the objective to influence consumer behavior.

Mobile Marketing

The upsurge of mobile devices ranging from smartphones, iPads, laptops and the likes, has created a huge scope for successful mobile commerce. As a business mobile marketing allows you to target the local as well as global market to reach and engage your targeted...

Crowdfunding Marketing

We believe that a tailored crowdfunding marketing strategy is key to your success. We can help you with all aspects of your crowdfunding campaign.

Digital PR

Digital PR is a great way to help you build your online presence and gain backlinks for your website. When you talk about digital PR we mean corporate outbound and inbound together to make your business successful by pushing your messages out there to journalists and potential customers...
